STEPHEN HARPER

Americans, help!

**Canadas Prime Minister,
Stephen Harper, is bent on
overflowing our prisons with
nonviolent drug offenders!**

Remember a few years ago when Canada was on the verge of "decriminalizing" cannabis? Well, now we're moving in the opposite direction on cannabis policy thanks to our current Conservative government...

Legislation that is currently before our Parliament (Bill C-15) is so draconian **it includes a mandatory prison sentence for growing as few as ONE cannabis plant...** even though the legislation is claimed to target "organized crime" and "serious drug offenders."

In sharp contrast to Canada's Bill C-15, the New York State Legislature has recently approved legislation to overhaul the harsh **Rockefeller drug laws**, doing away with mandatory prison terms for many nonviolent drug offenses!

As you can see we need all the help we can get in raising public awareness about Bill C-15 and about the need to repeal the destructive and corrupting policy of cannabis prohibition.

Please accept our invitation and make plans to attend this year's **Hwy 420 Anti-Prohibition Rally!**
